3.

CHEESE WINDERS (816 Nos)

4.

CIRCULAR LOOMS ( LSL 6- 142 Nos

LSL 610- 6 Nos

LSL 620- 4 Nos )

5.

LAMINATION PROCESS

6.

PRINTING MACHINE

7.

BAG CONVERSION LINE ( CUTTING-SEWING TYPE)

8.

COUNTING, SCREENING & BAILING

## ❖ PLANT MACHINERIES :-

Sanvi Polyfab LLP's plant from Tape stretching line to Looms is of **LOHIA STARLINGER**.

- **GRAVIMETRIC DOSING UNIT SYSTEM-**

We have *five components automatic* gravimetric dosing mixing conveying system of PRASAD GROUP.

- **TAPE EXTRUSION LINE-**

**Two** Extrusion Tape Stretching Line of **LOREX SERIES** (LOHIA STARLINGER) with a screw diameter of 135mm and working width of 2000mm gives 750 KG/HR of PP output.

- **WINDERS-**

Tape extrusion line followed by **816 LFW-200 CM** (LOHIA STARLINGER) Cheese Winders which makes PP Tapes.

- **CIRCULAR LOOMS-**

LSL 6 models with 6 shuttles per loom represent conventional circular looms for weaving tabular or flat fabric from PP Tapes. We have three different LSL models given below.

*LSL 6* :- **142 Looms**

*LSL 610* :- **6 Looms**

*LSL 620* :- **4 Looms**

## ❖ PRODUCTS :-

### **PP WOVEN FABRIC ROLL/ PP TABULAR FABRIC-**

Sanvi Polyfab LLP is brand name engaged in manufacturing of woven fabrics in roll form. Sanvi Polyfab offers wide range of industrial grade clean PP Fabric. We export currently about 400 tons of PP Woven fabric to Europe, Africa and South America. Our PP fabric is manufactured considering the meticulous procedure for quality control by maintaining the strict quality standards, making sure the customers receives the quality polypropylene fabric with right technical constructions and minimum defects.

Types of PP Woven Fabric Roll we manufacture-

#### 1. PP WOVEN ROLL / CIRCULAR WOVEN PP FABRIC / TUBULAR PP FABRIC –

Sanvi Polyfab exports about 350 Metric Tons of PP Tubular fabric. The countries where PP circular fabric is exported are Spain, South America, Africa and many more.

We export the PP circular light and heavy weight fabric which are mainly used for the manufacturing of PP Bag/Sack by 100% customized PP Fabric including size, GSM, colour, constructions and all the parameters as per required specifications.

#### Applications of PP Woven Fabric Roll-

- Manufacturing of PP Bag/Sack.
- Making of the bale wrap, box bags, PP courier bags, PP perforated bags.
- Manufacturing of accessories fabric used in making the FIBC bags such as duffle tops/bottom and the skirts and the bottom and top flops.

#### SPECIFICATIONS-

- **LAMINATION** - Yes if required. (15 Microns to 23 Microns) (Maximum width of 3 Metres)
- **ROLL DIMENSIONS** - Width= 12" to 59"
- **GSM** - 40 GSM to 250 GSM
- **MESH** - 6\*6 (Minimum 1000 denier material required)  
7\*7 to 14\*14 (As per requirement)
- **DENIER** - 550 to 1200
- **FABRIC COLOUR** - White/Natural/With strip of different colours (Only if Bulk & Regular order)  
As per customer requirements & purely customised (If Bulk & Regular order)

- **UV STABILIZATION**- Offered on request
- **PACKING** - Rolls up to 5000 meters, as per customer's requirement.

## 2. LAY FLAT WOVEN FABRIC / SULZER PP FABRIC –

Sanvi Polyfab exports about 50 Metric Tons of PP flat woven fabric. The countries where PP circular fabric is exported are Spain, Turkey, Belgium, Greece, Mexico, South America and many more.

We export PP Flat/ Sulzer light and heavy fabric which are mainly used for the manufacturing of FIBC/ JUMBO/ Bulk bags & Tarpaulin by providing 100% customized PP Fabric including size, GSM, colour, constructions and all parameters as per required specifications.

### Applications of PP Woven Fabric Roll-

- Manufacturing of FIBC/ JUMBO/ Bulk bags.
- Manufacturing of Tarpaulin.
- Making PP ground covers.
- Making PP sheets used for agriculture and horticulture covering.
- PP Covers for garden & furniture, kitchen tops, etc.

### SPECIFICATIONS-

- **LAMINATION** - Yes if required. (15 Microns to 23 Microns) (Maximum width of 3 Metres)
- **DIMENSIONS** - Width= 24" to 118"
- **GSM** - 50 GSM to 300 GSM
- **MESH** - 9\*9 to 24\*24 (As per requirement)
- **DENIER** – 550 to 1200
- **FABRIC COLOUR** - White/Natural/Any colour (Only if Bulk & Regular order)
- **UV STABILIZATION**- Offered on request
- **PACKING** - Rolls up to 5000 meters; as per customer's requirement.

# PP WOVEN BAGS / PP WOVEN SACKS / POLYPROPYLENE SACOS-

Sanvi Polyfab has put provision for Printing machine and Bag Conversion Line (Cutting-Sewing type) in plant as we are planning to set it up in near future. We will be then providing wide range of woven bags with plain or printed, different sizes, types, colours, tear resistant and 100% customized. Their attributes differ according to application and the client's requirement.

## Applications of PP Woven Bags-

- Fertilizers
- Cement
- Food Grains, Flour, Agro Products
- Sugar, Salt
- Cattle feed
- Urea, Chemicals, Minerals, Seeds
